Dear  25X1A5a

This is just a brief note to let you know that I will be at Harvard from 2-4 November to interview persons who may be interested in learning about employment at the Central Intelligence Agency. Mr.  the Agency's representative, will accompany me.

25X1A9a

We will be interested in talking to capable economists at all levels of experience and training. However, we are most interested in those with a substantial amount of graduate training in economics already completed. At the same time, we would also like to interview graduates in related social science fields who may be interested in applying their respective disciplines to research in the Sino Soviet Bloc economies.

I hope that it will be possible to see you during this visit, and I am particularly looking forward to hearing your impressions of Africa.

25X1A9a Sincerely yours,
